

MISS FOCUS GOES TO DENNILTON

By: Mongalo H.

Focus Business Consulting, recently organised and hosted a successful pageant. The occasion was held at the lavish Lodge, Sedupe sa Bakopa in Tafelkop.

Young Ladies between the ages of 18 - 25 were invited to enter the competition which was to catapult them into beauty queens and give them the exposure they need to enter the multimillion rand industry of beauty and fashion.

The girls did not disappoint. Hundreds of applicants were received and after a lengthy period of sifting which lasted an entire month, six ladies were chosen to contest the prize.

The gala evening was held on the 24th November 2012, to a crowd of youth and adults all eager to witness this memorable occasion.

Young beautiful ladies stratted their stuff on the catwalk, mesmerising the crowd. The first leg of the contest was casual, followed by swim wear and finally, evening wear.

The Ladies were also subjected to grilling by the judges who asked them thought provoking questions that addressed youth related issues ranging from lifestyle, education to politics.

In the end there could be only one winner and that was Moepya Kagiso, who hails from Dennilton. The event offered local performing artists a platform to showcase their talent.
